

Our Doctors are Connected to You!

Now you can e-mail your doctor.

Sutter Pacific Medical Foundation realizes that there are non-urgent, everyday health questions that arise. That's why we developed e-messaging, giving you the ability to e-mail your doctor directly. And with Sutter Pacific's other online services, you can schedule appointments, refill prescriptions, view medical records, chart health graphs, check lab results, read physician instructions, and update your personal information, conveniently from your home computer.

And, when it's time for an office visit, you'll find the highest quality primary and specialty care close by, at 30 neighborhood locations, many with after hour clinics.
