

Our Doctors Are Well Connected...to you

Thomas Zembal, MD
Pediatrics

At Sutter Pacific Medical Foundation, we've created powerful new ways to keep you connected with your health care team.

mySutteronline enables you to schedule appointments for your children, refill their prescriptions, check their lab results, read doctors' instructions, print school vaccination notes, monitor childhood growth, and more – all from your home computer and all while taking care of your own health, too. *Extra convenience for parents!*

And, when it's time for an office visit, you'll find our family physicians and specialists close by, at 19 neighborhood locations.

Choose Sutter Pacific Medical Foundation – you'll get secure online access, convenient local offices, and the highest quality care in the North Bay. You'll also be connected to the resources of the entire Sutter Health network: more than 5,000 physicians and 25 hospitals, helping you stay healthy.
